**Subject:** Delivery of the Final Interpretative Report and Data Delivery from the 2023 AEM Survey of the UBSCGWMD

Aqua Geo Frameworks, LLC. (AGF) is pleased to submit this Final report titled "Airborne Electromagnetic Mapping and Hydrogeologic Framework of Selected Areas in the Upper Black Squirrel Creek Ground Water Management District." Please find the link below to the Final Interpretative Report and Data Delivery on the Airborne Electromagnetic Survey of the UBSCGWMD. The link also includes delivery of the final processed and inverted AEM data. This report describes the processing, QA/QC process, editing (decoupling), inversion parameters, and inverted earth models that went into the interpretative process. In the deliverables portion of the report there are ESRI raster files of the results along with many supporting images. There are also Google Earth files that will enable non ESRI staff and Board Members to view the results.
